The Butterfly Circle a women's ministry of HNSP

The Butterfly Circle, is a circle of women who will support one another in a safe place for deep inner and deep outer work through love, laughter & sisterhood.

We will work together to put everything that is known aside, and embrace an entire new way of being, choosing new paths, and choosing our destiny. Through this bond we will discover mental and emotional maturity, the understanding of the deeper meaning of life, and living IN the moment without regrets. We will meet the 1st Wed of the month.

This ministry will be led by our very own Mika Rodriguez. Questions: 347-596-9401 or butterflycircle@outlook.com
